- Geometry
  - Fall-21% to 12% Winter (2 Years Below Level)
  - Fall-34% to 51% Winter (On Level)

Beth P reported out on how Grade 5 is using this data with their students for goal setting during their Monday Leader in Me sessions. Beth P highlighted how they are using Aleks in the classroom to support student learning.

There is also professional development scheduled for elementary teachers on February 20 and 21 by My Math on math strategies.

Sarah explained the math course selection process this year. She will be working with Anne Fowler, the high school math PLC, and the 8th-grade teachers to improve the process for next year.

Update on math vertical team: we are working on a list of math vocabulary that we should have prepared for the next meeting.

Next Meeting: March 26 at 3:30 at the SAU
