

## [Building Committee Meeting](#)

Held virtually via Google Meet

January 25, 2023

6:00 - 7:00 pm

**Attendees:** Stacy Maghakian, Chip McGee, Katie Ralls, Troy Bressette, Jen Grover, Abigail King, Pattie Lamontagne, Brian Sands, John Gould, Darlene Greenwood, Kristen Corey, Jacoby Petrella, Mason Judkins, Erin Mazzariello

**Not in Attendance:** David Wholey, Jason Croteau, Debbie Ryan, Deb Mahoney

Meeting called to order at 6:03

### 1. December Project Update

Chip McGee started the meeting letting the committee know that we are in Phase 5 of the project and shared the [January 2023 project update memo](#) with the group from his screen. Chip mentioned that the inside is heated now and the drywall is going up. The team is waiting on materials and better weather to work on the exterior. Chip then moved onto the budget and referenced the owners contingency line and that one million, four hundred thousand has moved to help cover hard costs. There are eighty-nine thousand left in the balance. So far there has been fifteen million spent on the total project leaving almost seventeen million left. We continue to wrestle with increasing costs and are trying to continue to find savings. Chip mentioned the curbing and removing granite and concrete like used at PES. This change will save around fifteen thousand. Chip asked if there were and more questions about the project update or the memo shared. No questions asked.

### 2. Introduce New Members

Jacoby Petrella, seventh grade. Jacoby was nominated by the student council to represent the seventh grade. Jacoby asked for an update on the completion date since this was his first meeting. Chip said the project will be done at the end of 2025. Gymnasium, cafeteria, band will be available at the start of the next school year.

Mason Judkins joined using compassion mode so his mic was not working. Mason used chat to let us know that he is in the sixth grade and that he is interested in the UA section of the building.

### 3. Provide Feedback and Direction on Gym Floor Logo Design

1. [Logo 1](#)
2. [Logo 2](#)
3. [Logo 3](#)
4. [Logo 4](#)

Chip shared a PDF on his screen containing the four designs created by a PHS student. Chip gave the group time to review and prepare to discuss.

Jacoby liked logo 3. Would like to see more yellow in the design.  
Troy liked logo 3 as well. Would like to see the full face of the tiger.

Darlene liked 3 as well and would like more definition and color. Mason liked 3. Katie Ralls liked 3 and agreed with everyone's suggestions.

Pattie liked 2 and asked to refer back to the last meeting when we talked about having a tiger tale.

Chip asked Keith to speak to the process of how they came up with these four designs. Keith said he went back to the student who did the first round and gave them feedback from the last meeting. The student had trouble working the tail into the design. Since it needs to live within a circle for the gym floor they opted not to use the tail. Brian didn't care for three at first but was swayed. Would like to add color and more face. Jen Grover liked 2 because of the yellow. Chip mentioned to the group that this logo will be painted onto the gym wood floor. Abigail was drawn to 2 first but agrees with the group on 3. Kristen Corey was drawn to 2 first because of the color. Her first grader was nearby and he also liked 2. Likes 3 with more color.

Stacy liked 3 as well but with more definition but understands that transferring it to the gym floor will be difficult especially if sitting in bleachers. Maybe add green eyes. Did like 2 but wanted it without the yellow and thought we could utilize the floor color as a color.

John Gould sent a link of another logo direction and pointed out how it is only a two color design. The wood would act as a third color. John agreed with Stacy saying it would look different from an angle.

Troy liked the inclusion of "Memorial" in the logo on 2 and 3.

Jacoby asked if the tiger tail could be incorporated into the circle.

Chip reviewed that the group leaned towards 2 and 3. If we choose the paw in yellow we could deliver it to the team in a day or two so they know exactly what was going down on the floor. However if we lean towards 3, we will wait to vote on a final final design we will never get a resolution. Go with what is ready (2) or pause and refine (3).

Darlene thinks we should hold and refine logo 3

Jacoby asked for clarification on the timeline and redesigning logo 3. Chip said we cannot take up too much more time.

Chip asked Stacy to speak on behalf of the school, and asked if there is anything she wants to add or share about the process of deciding on the final design. Stacy would like it to be “cool”. Stacy mentioned that she was talking with James Kavernos today about the current logo and they both thought the new design should be memorable and make a statement. Stacy said she would be okay with 2 but does want to give the art student another change to refine 3.

Chip started a poll through google meet, not as a formal vote but to gauge where everyone stands. Poll results showed 8 for face design and 4 for paw logo. Chip asked if anyone could not live with the face, no replies.

Chip asked the group to swing back to the brick location from the last meeting. Chip showed the [drawing](#) with the section. Jacoby asked for clarification of the brick donations which Chip provided. Group agreed that location was correct.

#### 4. Discussion of Potential Phasing Changes

Construction team wants to start renovating the old cafeteria once it warms up. Students would be moved into the gymnasium for lunch. Current cafeteria can start being renovated for the library and STEAM room. Should start in May, weather permitting. Jacoby asked how lunch would work in this new scenario. Stacy said lunches would be packed and distributed in the gymnasium. Snacks would still be available. Stacy and Brian are working hard on the logistics.

#### 5. Minutes

Minutes were not linked to the agenda for the committee to take a vote on. Will table and approve December and January minutes at our next meeting.

#### 6. Other Questions and Comments

Stacy asked if any of the student members have third trimester gym. Talked to the fact that gym classes would be held outside weather permitting.

#### 7. Next Meeting

- a. March 29th, agenda said March 22nd. Committee was notified of this change and advised that a Google calendar invite was sent out with the new date.

Motion to adjourn was made by Troy Bressette and seconded by Pattie Lamontagne. Vote was unanimous.

Meeting adjourned at 6:57PM.
