 - a) Please stay within the allotted three minutes per person;
 - b) Please give your name, address, and the group, if any, that is represented;
 - c) We welcome comments on our school operations and programs. In public session, however, the Board will not hear personal complaints of school personnel nor complaints against any person connected with the school system;
 - d) We appreciate that speakers will conduct themselves in a civil manner.
 - 3. Opening Remarks : Superintendent and Student Representative (when selected)

B. Presentations (if necessary)

C. Main Topics

- 1. Pelham High School Program of Studies
 - a) Explanation: Principal Dawn Mead, Assistant Principal Adam Barriere and Assistant Superintendent Sarah Marandos will review the proposed course changes for the 2024-25 school year in the Pelham High School Program of Studies. We are seeking feedback and Board support on the proposed adjustments to the Program of Studies.
 - b) Materials
 - (1) Memorandum
 - (2) Summary of Proposed Changes to the Pelham High School Program of Studies for 2024-25
- 2. Fiscal Year 2025 Budget
 - a) Explanation: This agenda item is to review the draft warrant including the default budget number and vote on articles ready for Board action.
 - b) Materials:

- (1) Bond Counsel Communication
- (2) FY25 DRAFT Default Budget Calculation
- (3) DRAFT Warrant for March 2024
- 3. Professional Development Update
 - a) Explanation: Assistant Superintendent Marandos will update the Board regarding the professional development activities underway in the District.
 - b) Materials:
 - (1) Memorandum
- 4. Policy Review
 - a) Explanation: The Policy Committee is presenting the following policy changes for consideration.
 - b) Materials:
 - (1) First Reading
 - (a) JLCA Physical Examinations of Students
 - (b) KCD Public Gifts/Donations
 - (c) EHAB Data Governance and Security
 - (d) FAA Annual Facility Plan and Unused District Property
 - (e) BBBF Student Members of the School Board
 - (2) Second Reading None

School Board Meeting

6:30PM

H. Non Public Session 91-A:3 (II) (c)

1. Personnel Matter

Rules for a non public session 91-A:3 (II)

- II. Only the following matters shall be considered or acted upon in nonpublic session:
 - (a) The <u>dismissal, promotion, or compensation</u> of any public employee or the disciplining of such employee, or the investigation of any charges against him or her, unless the employee affected (1) has a right to a meeting and (2) requests that the meeting be open, in which case the request shall be granted.
 - (b) The <u>hiring</u> of any person as a public employee.
 - (c) Matters which, if discussed in public, would likely <u>adversely affect the reputation</u> of any person, other than a member of the public body itself, unless such person requests an open meeting. This exemption shall extend to any application for assistance or tax abatement or waiver of a fee, fine, or other levy, if based on inability to pay or poverty of the applicant.
 - (d) Consideration of the <u>acquisition</u>, <u>sale</u>, <u>or lease of real or personal property</u> which, if discussed in public, would likely benefit a party or parties whose interests are adverse to those of the general community.
 - (e) Consideration or negotiation of <u>pending claims or litigation</u> which has been threatened in writing or filed by or against the public body or any subdivision thereof, or by or against any member thereof because of his or her membership in such public body, until the claim or litigation has been fully adjudicated or otherwise settled. Any application filed for tax abatement, pursuant to law, with any body or board shall not constitute a threatened or filed litigation against any public body for the purposes of this subparagraph.
 - (f) [Repealed.]
 - (g) Consideration of <u>security-related issues</u> bearing on the immediate safety of security personnel or inmates at the county or state correctional facilities by county correctional superintendents or the commissioner of the department of corrections, or their designees.
 - (h) Consideration of <u>applications by the business finance authority</u> under RSA 162-A:7-10 and 162-A:13, where consideration of an application in public session would cause harm to the applicant or would inhibit full discussion of the application.
 - (i) Consideration of matters relating to the preparation for and the carrying out of <u>emergency</u> <u>functions</u>, including training to carry out such functions, developed by local or state safety officials that are directly intended to thwart a deliberate act that is intended to result in widespread or severe damage to property or widespread injury or loss of life.
 - (j) Consideration of <u>confidential</u>, <u>commercial</u>, <u>or financial information</u> that is exempt from public disclosure under RSA 91-A:5, IV in an adjudicative proceeding pursuant to RSA 541 or RSA 541-A.
 - (k) Consideration by a school board of entering into a student or <u>pupil tuition contract</u> authorized by RSA 194 or RSA 195-A, which, if discussed in public, would likely benefit a party or parties whose interests are adverse to those of the general public or the school district that is considering a contract, including any meeting between the school boards, or committees thereof, involved in the negotiations. A contract negotiated by a school board shall be made public prior to its consideration for approval by a school district, together with minutes of all meetings held in nonpublic session, any proposals or records related to the contract, and any proposal or records involving a school district that did not become a party to the contract, shall be made public.

Approval of a contract by a school district shall occur only at a meeting open to the public at which, or after which, the public has had an opportunity to participate.

- (I) Consideration of <u>legal advice provided by legal counsel</u>, either in writing or orally, to one or more members of the public body, even where legal counsel is not present.
- (m) Consideration of <u>whether to disclose minutes of a nonpublic session</u> due to a change in circumstances under paragraph III. However, any vote on whether to disclose minutes shall take place in public session.

 Re: Program of Studies 2024-2025
 Date: November 1, 2023

Cc: Chip McGee, Superintendent

We are seeking the support of the following course changes for the 2024-2025 Program of Studies. We will present the full Program of Studies for 2024-2025 in December of 2023. This will give the high school enough time to prepare for course selection during semester 2.

We are proposing 2 new courses this year: Musical Theater 101 and AP Government and Politics. We are looking to reinstate courses which remained in the Program of Studies but were not offered in 2023-2024 while sunsetting Principles of Management. We are looking to combine our current Short Stories course with our World Literature course to create a new full semester course called Exploring Modern Literature. We are also proposing eliminating Computer Apps II non-running start and College Credit Government and Politics. Other proposed changes are prerequisite and description changes.

Please see the attached handout with an outline of changes.

Courses Descriptions

Musical Theater 101: (NEW COURSE) This course is designed for students with previous experience in school choir, theater, or musical theater, or desire to improve one's singing and acting skills as a lead and as an ensemble member. In Musical Theater 101, students will continue to develop and hone their singing skills and musical theater literacy, learning about each era of Musical Theater and the performance practices used. Musical Theater 101 runs for a quarter. The quarter will be split in three ways: the learning of history, putting that into practice, and then performances following those practices. This course is a continuation of building the student and ensemble's understanding and comfortability in the arts of acting and singing. Events to expect are: weekly performances and a final cabaret performance with scenes learned throughout the quarter. *Students are encouraged to enroll in Musical Theater 101 if they intend to participate in the school's Spring Musical*

AP Government & Politics (NEW COURSE) AP U.S. Government and Politics is an introductory collegelevel course In U.S. government and politics. Students cultivate their understanding of U.S. government and politics through analysis of data and text-based sources as they explore topics like constitutionalism, liberty and order, civic participation in a representative democracy, competing policy-making interests, and methods of political analysis.

Prerequisite: Junior, Senior, Civics

Statistics CC: This is a fundamental course in the application of statistics. In this course, students learn how to apply statistical techniques to a variety of applications in business and social sciences. Students learn how to solve statistical problems manually and with computer software. Topics include: measures of central tendency, probability distributions, confidence interval, estimation, hypothesis testing, and linear regression. It is recommended that students purchase their own TI-84 graphing calculator for home use. **Prerequisite:** Grade of B- or better in Algebra II L1 and Geometry L1

Students learn the fundamental concepts of probability: graphs and tables, random sampling, measures of central tendency, probability and probability distributions, confidence interval, error and sample size estimation, hypothesis testing, linear correlation, regression analysis and prediction. Statistics is a course for the student who plans to enter such fields as biology, business, economics, education, medicine, psychology, and sociology. It is recommended that students purchase their own graphing calculator for home use.

Prerequisite: Grade of B- or better in Algebra II and Geometry

Food Science: Students will examine the science behind our foods, from farm to table. The effects of processing, preparation and storage on the quality, safety, wholesomeness, and nutritive values of foods will be evaluated. This course illustrates scientific principles in an applied context. Careers will be explored **Prerequisite:** Sophomore, Junior, Senior; Physical Science

A lab-based science course that focuses on the chemistry behind changes that occur as foods cook, ferment, rot, mix, and more. Preparing foods such as ice cream, bread, yogurt, sauces and other foods will occur allowing the relationship between science, food and nutrition to be investigated using the scientific method.

Exploring Modern Literature: (NEW COURSE) Students will embark on a captivating journey of literary self-expression by diving into the rich world of modern literature, unlocking the craft of authorial style and profound themes while exploring diverse global perspectives. Beyond the written word, students will refine their writing skills, vocabulary, and oral communication, preparing for a world of post-secondary opportunities, whether vocational or college-bound. The theme of the course is self-discovery and literary enlightenment, in which student voice will flourish.

Prerequisite: Senior; American Literature

AP Environmental Science: The goal of the AP Environmental Science course is to provide students with the scientific principles, concepts, and methodologies required to understand the interrelationships of the natural world, to identify and analyze environmental problems both natural and human-made, to evaluate the relative risks associated with these problems, and to examine alternative solutions for resolving or preventing them. There are several major unifying constructs, or themes, that cut across the many topics included in the study of environmental science. Themes and analysis of problems include earth systems and resources, the living world, population biology and human population, land and water use, energy resources and consumption, impacts on the environment and human health, and global changes including stratospheric ozone, global warming, and loss of biodiversity. The course requires a separate laboratory notebook. Students are able to take the AP Environmental Science exam as administered by College Board. Test fees are the responsibility of the student. **Chemistry Level 1, CP Biology and Algebra II Level 1 are highly recommended.**

Prerequisite: Junior or Senior; Chemistry; Biology and Algebra II

AP Biology: This course is designed to be the equivalent of a college introductory biology course usually taken by biology majors during their first year. Students will build upon the concepts, techniques, and skills presented in Level 1 Biology. After completion of the course, students will be able to analyze scientists' understanding of molecules and cells, heredity and evolution, as well as organisms and populations. The two main goals of AP Biology are to help students develop a conceptual framework for modern biology, and an appreciation of science as a process (APcentral.collegeboard.com). Students are able to take the AP Biology exam as administered by the College Board. Test fees are the responsibility of the student. **Anatomy and Physiology is highly recommended.**

Prerequisite: Chemistry L1 or CC with a B- or better; CP Biology Honors with a B- or better.

RE: 2021 Memorial School Bond – arbitrage rebate

You have asked for a summary of the District's responsibilities regarding arbitrage earnings on the District's \$31,980,000 2021 Bond issued through the NH Municipal Bond Bank for renovations and additions to Pelham Memorial School. As explained more fully below, we recommend that the District retain any investment earnings on the Bond proceeds until the District computes and pays back arbitrage to the US Treasury. At that time, any earnings not paid back to the US Treasury may be expended by the District on additional project costs or for another purpose authorized by the annual meeting pursuant to RSA 33:3-a, II.

Facts

In understand the following facts. On August 11, 2021, the Pelham School District issued a taxexempt general obligation bond with a face value of \$27,517,975 (the "Bond"). With bond premium received through the sale of the Bond, the Bond proceeds totaled \$31,980,000. The yield on the Bond is 1.3841%. At the time of Bond issuance, the District expected to expend the Bond proceeds within 2 years and to meet specific 6-month spending targets during that 2-year period. In actuality, the District did not meet these spending expectations. The District has earned and is currently earning interest on the Bond proceeds at rates well above the Bond yield. To date, the District has approximately \$8,000,000 of unspent Bond proceeds and approximately \$450,000 of interest earned from the Bond proceeds.

Tax law and exceptions

Under the IRS statutes and regulations for tax-exempt governmental bonds, there are general prohibitions on earning and retaining arbitrage, which is defined as investment earnings on bond proceeds that exceeds the yield on the bond.¹ Any arbitrage earnings must be computed and rebated (i.e., paid back) to the US Treasury within 60 days after the 5-year anniversary of the bond issue date. The IRS has two concerns here: (1) earning arbitrage; and (2) rebating arbitrage. There are, however, many exceptions to the general prohibitions on earning and rebating arbitrage.

For example, a bond issuer that meets certain criteria may earn arbitrage on bond proceeds at an unlimited rate during a "3-year temporary period." When the 3-year temporary period ends, the issuer must "yield restrict" by ensuring that any remaining bond proceeds do not earn more than the yield on the bond. In addition, after the 3-year temporary period ends, bond proceeds may not be invested in an account that is federally insured.

¹ To be precise, the IRS regulations allow investment earnings up to the yield plus one-eighth of one percent.

October 30, 2023 Page 2

If a bond issuer has earned arbitrage, it must rebate that arbitrage to the US Treasury unless the issuer qualifies for an exception to arbitrage rebate. One exception is the 2-year spending exception to rebate, which applies if the issuer fully expends the bond proceeds within 2 years and meets specific spending targets at 6 months, 12 months, 18 months, and 24 months. If a bond issuer meets all four spending targets, it does not have to rebate any arbitrage earned.

District's responsibilities

At the time the District issued the Bond, the District qualified for the 3-year temporary period and expected to expend the Bond proceeds within the 2-year spending period. The District is still within the 3-year temporary period and may continue earning interest at an unlimited rate until August 10, 2024. If any Bond proceeds remain unexpended at that date, the District must invest the remaining Bond proceeds in an account that bears interest at or below the Bond yield, and the account must not be federally insured.²

Although the District expected to fully expend the Bond proceeds within 2 years, supply chain issues have delayed the project, and the District did not in fact meet the 2-year spending requirement that would have qualified it for an exception to arbitrage rebate. As a result, the District will need to compute and rebate arbitrage to the US Treasury. The rebate computation must be made within 5 years of the Bond issue date, and the rebate must be paid to the US Treasury within 60 days of the 5-year anniversary of the Bond issue date.

The Bond investment earnings are currently held in the NH Public Deposit Investment Pool. These investment earnings consist of permitted earnings up to the Bond yield and earnings above the Bond yield that will be rebated to the US Treasury. Because the arbitrage rebate computations are complex, until those computations are done, it is not possible to determine with precision how much of the investment earnings that the District will be entitled to retain. We therefore advise that all Bond investment earnings be retained by the District until the arbitrage computation and rebate is completed. The earnings retained by the District may then be expended within the scope of the original annual meeting authorization for the Bond, or the earnings may be expended for a different purpose subject to annual meeting approval (RSA 33:3a, II). Keep in mind that the yield restriction and federal insurance prohibition will apply to the Bond investment earnings after the 3-year anniversary of the Bond issue date.

² The US Treasury provides State and Local Government Series securities (SLGS) that are tailored to assist with the yield restriction requirement and federal insurance prohibition. <u>https://treasurydirect.gov/government/slgs/</u>

PELHAM SCHOOL DISTRICT POLICY JLCA – PHYSICAL EXAMINATIONS OF STUDENTS

Category: Recommended

Related Policies: JFABD, JLC & JLCD

<u>General</u>

Each child must have a complete physical examination within one year preceding first entry to school. Parents of students transferring to the District must present proof of meeting the physical examination requirement prior to or upon first entry into the District's schools. Failure to comply with this provision may result in the child's exclusion from attending school.

The School District strongly encourages parents to update the school nurses with any changes to a student's physical health.

Conditional Enrollment

If an examination has not been performed within the preceding year, the school will accept documentation of an appointment for a physical examination within a reasonable time.

Homeless Students and Unaccompanied Youth

Pursuant to the McKinney-Vento Act and Board Policy JFABD, homeless students and/or unaccompanied youth, may enroll and attend school while the Homeless Liaison works with the family/student to obtain examinations or documentation of the same.

Special Examination

Pursuant to RSA 200:34 every child with a presenting problem and whom the school nurse deems to require further evaluation, may be referred by the school nurse, with the consent of the principal, to the parents or guardian of said child for examination, and evaluation by an appropriate practitioner. If the parents fail or neglect to have said child so examined and fail to present the recommendations from said medical practitioner within a reasonable period after the referral by the school, then said child may be examined by a qualified healthcare provider. In significant cases, the matter may be reported to the Department of Children, Youth, and Families (DCYF) pursuant to JLF.

Religious Exemption

No medical examination shall be required of a child whose parent or guardian objects thereto in writing on the grounds such medical examination is contrary to his/her religious tenets and teachings.

Participation on Athletic Teams

Prior to participation on a school athletic team, students must provide written documentation that they have passed a physical. Such exams must be completed at least once every school year. This requirement does not apply to students participating in intramural athletics.

PELHAM SCHOOL DISTRICT POLICY JLCA – PHYSICAL EXAMINATIONS OF STUDENTS

Category: Recommended

No child shall be excused from regular physical education except on the written notice of a duly licensed healthcare provider or on the written request of the parents, subject to the Superintendent's approval, in which case an alternative program shall be provided. The physical education teacher, school nurse, or principal, upon the request of the parents, may grant temporary excuses on a case-by-case basis.

Parent Notification – Certain Circumstances

Pursuant to No Child Left Behind and the Protection of Pupil rights Amendment, if the District utilizes federal money to perform physical exams or screenings on students, the District will notify parent(s) of such physical exam or screening and will allow the parent's to "opt out" their child of any non-emergency, invasive physical exam or screening required as a condition of attendance, administered by the school or its agent and scheduled by the school, and not necessary to protect the immediate health and safety of a student or of another student, except for hearing or vision screenings, or any physical exam or screening permitted or required under state law.

Additional Provisions Concerning Pupil Privacy Rights Amendment: Non-Emergency Physical Exams or Screenings

Pursuant to the Pupil Privacy Rights Amendment (the "PPRA"), on an annual basis (i.e., beginning of school year packet), the District shall notify parents/guardians of specific or approximate dates during the School year physical exam or screening is scheduled or is to be scheduled. For any such exam or screening that was not included in the annual notice, the District will provide notice to parents no less than ten days prior to the exam or screening. Additionally, parents/guardians have the right under the PPRA to opt their child out of any "invasive physical examination" that:

- a. IS required as a condition of attendance;
- b. IS administered by the District and scheduled by a District School in advance;
- c. IS NOT necessary to protect the immediate health and safety of the student or of other students; AND
- d. IS NOT otherwise required or permitted under New Hampshire law.

For purposes of this section, and pursuant to the PPRA, "invasive physical examination" means "any medical examination that involves the exposure of private body parts, or any act during such examination that includes incision, insertion, or injection into the body, but does not include a hearing, vision, or scoliosis screening."

PELHAM SCHOOL DISTRICT POLICY KCD – PUBLIC GIFTS/DONATIONS

Category: Optional Recommended

Gifts from organizations, community groups and/or individuals, which will benefit the District, are welcomed and appreciated. A gift shall be defined as money, real or personal property, or personal services provided without financial consideration.

Individuals or groups contemplating presenting a gift to a school or the District shall be encouraged to discuss in advance with the building principal or the Superintendent what gifts are appropriate and needed.

The Board reserves the right to refuse to accept any gift that does not contribute toward the achievement of the goals of the District or the ownership of which would tend to deplete the resources of the District. In determining whether a gift will be accepted, consideration shall be given to district policies, school district goals and objectives (with particular emphasis on the goal of providing equal educational opportunities to all students) and adherence to basic principles outlined in the regulation that accompanies this policy.

Gifts of a value of \$1,000 \$500 or less will be accepted by the authority of the appropriate principal, director, or program manager. Gifts of a value in excess of \$1,000 \$500 but less than \$2,500 \$2,000 will be accepted by the authority of the Superintendent or designee, and contributions of a value in excess of \$2,500 \$2,000 will be presented to and acted on by the School Board. Pursuant to RSA 198:20-b, III, gifts in the amount of \$20,000 \$5,000 or more shall require the Board to hold a public hearing regarding any action to be taken with the gift. For gifts of more than \$2,500 \$2,000 and less than \$20,000 \$5,000, the Board will post notice of the gift in the agenda of the next regularly scheduled Board meeting and will include notice in the minutes of the meeting in which the gift is discussed. The acceptance of all gifts exceeding \$2,500 \$2,000 will be made in public session.

Any gift accepted shall become the property of the District, may not be returned without the approval of the Board, and is subject to the same controls and regulations as are other properties of the District. The Board shall be responsible for the maintenance of any gift it accepts.

At the time of acceptance of the gift, there will be a definite understanding with regard to the use of the gift, including whether it is intended for the use of one particular school or all schools in the District. The Board will make every effort to honor the intent of the donor in its use of the gift, but reserves the right to utilize any gift it accepts in the best interest of the educational program of the District. In no case shall acceptance of a gift be considered to be an endorsement by the Board of a commercial product, business enterprise, or institution of learning. The Superintendent will acknowledge all gifts accepted by the Board. Acknowledgement may be displayed on District property in a manner that is noticeable but not intended as a focal point due to placement or volume. Placement in classrooms must be discrete so as not to distract from student learning.

It is the responsibility of the Superintendent or designee to process the appropriate forms to update inventory and to notify the donor of acceptance or rejection of a gift.

Voluntary contributions by District employees of supplies or other minor items of personal property to be used in classrooms or school programs with an aggregate value over the school year of less than \$500 are permitted without further approval or documentation. Receipt of voluntary

contributions being made by District employees with a value of \$1,000 \$500 or more must be approved as required in this policy for gifts from individuals not employed by the District. Active solicitation of gifts to be received by the District, including by any school, classroom, or program in the District, must be approved in advance by the Superintendent where the value of the gift sought is more than \$1,000 \$500 and less than \$2,500 \$2,000, and by the Board where the value of the gift sought is sought is \$2,500 \$2,000 or greater.

To accomplish the District's mission and comply with the law, the District must collect, create, and store information. Accurately maintaining and protecting this data is important for efficient District operations, compliance with laws mandating confidentiality, and maintaining the trust of the District's stakeholders. All persons who have access to District data are required to follow state and federal law, District policies and procedures, and other rules created to protect the information.

The provisions of this policy shall supersede and take precedence over any contrary provisions of any other policy adopted prior to the date of this policy.

A. Definitions

<u>Confidential Data/Information</u> - Information that the District is prohibited by law, policy, or contract from disclosing, or that the District may disclose only in limited circumstances. Confidential data includes, but is not limited to, personally identifiable information (i.e., "PII") regarding students, employees, families, and volunteers.

<u>Critical Data/Information</u> - Information that is determined to be essential to District operations and that must be accurately and securely maintained to avoid disruption to District operations. This includes financial data. Critical data is not necessarily confidential.

<u>Cybersecurity Incident</u> – An occurrence that actually or potentially jeopardizes the confidentiality, integrity, or availability of an information system or the information it processes, stores, or transmits, if that constitutes a violation or imminent threat of violation of security policies, security procedures, or acceptable use policies.

B. Data and Privacy Governance Plan

1. <u>Data Governance Plan</u>. The Superintendent, in consultation with the District's Information Security Officer ("ISO") (see paragraph C) created a Data and Privacy Governance Plan ("Data Governance Plan"), for presentation to the Board no later than June 30 each year.

The Data Governance Plan shall include:

- (a) An inventory of all software applications, digital tools, and extensions. The inventory shall include users of the applications, the provider, purpose, publisher, privacy statement, and terms of use;
- (b) A review of all software applications, digital tools, and extensions and an assurance that they meet or exceed minimum standards set by the New Hampshire Department of Education;

Category: Priority

Related Policies: EHAA, EHAC, EHB, GBEF, IHBH, JICL, KD, & KDC

- (c) Policies and procedures for access to data and protection of privacy for students and staff including acceptable use policy for applications, digital tools, and extensions used on District hardware, server(s) or through the District network(s);
- (d) A response plan for any breach of information; and
- (e) A requirement for a service provider to meet or exceed standards for data protection and privacy.
- (f) A provision that students participating in career exploration or career technical education may, with written parental consent, register for technology platforms and services to be used as part of the student's approved program of study, which require the provision of personally identifiable information. Copies of written parental consent shall be retained as part of a student's educational record.
- 2. <u>Policies and Administrative Procedures</u>. The Superintendent, in consultation with the ISO, will review, modify, and recommend policies and create administrative procedures, where necessary, for collecting, securing, and correctly disposing of District data (including, but not limited to Confidential and Critical Data/Information, and as otherwise necessary to implement this policy and the Data Governance Plan). Such policies and/or procedures may be included in the annual Data Governance Plan.

C. Information Security Officer

The Director of Technology is hereby designated as the ISO, and reports directly to the Superintendent or designee. The ISO is responsible for implementing and enforcing the District's security policies and administrative procedures applicable to digital and other electronic data, and suggesting changes to these policies, the Data Governance Plan, and procedures to better protect the confidentiality and security of District data. The ISO will work with the both District and building level administrators and Data managers (paragraph E) to advocate for resources, including training, to best secure the District's data.

The District Network Administrator is the District's alternate ISO and will assume the responsibilities of the ISO when the ISO is not available.

D. Responsibility and Data Stewardship

All District and School administrators are data managers for all data collected, maintaining and securing District data including, but not limited to, Confidential and/or Critical Data/Information.

E. Data Managers

All District administrators are data managers for all data collected, maintained, used and

Category: Priority

Related Policies: EHAA, EHAC, EHB, GBEF, IHBH, JICL, KD, & KDC

disseminated under their supervision as well as data they have been assigned to manage in the District's data inventory. Data managers will monitor employee access to the information to ensure that confidential information is accessed only by employees who need the information to provide services to the District and that confidential and critical information is modified only by authorized employees. Data managers will assist the ISO in enforcing District policies and procedures regarding data management.

F. Confidential and Critical Information

The District will collect, create, or store confidential information only when the Superintendent or designee determines it is necessary, and in accordance with applicable law. The District will provide access to confidential information to appropriately trained District employees and volunteers only when the District determines that such access is necessary for the performance of their duties. The District will disclose confidential information only to authorized District contractors or agents who need access to the information to provide services to the District and who agree not to disclose the information to any other party except as allowed by law and authorized by the District.

District employees, contractors and agents will notify the ISO or designee immediately if there is reason to believe confidential information has been disclosed to an unauthorized person or any information has been compromised, whether intentionally or otherwise.

The Superintendent and/or the ISO shall immediately report any known or suspected cybersecurity incidents within the District's information systems, or within an information system of any vendor of the District, to the New Hampshire Cyber Integration Center of the Department of Information Technology. The Superintendent and/or the ISO shall disclose all known information and interactions. See RSA 31:103-b.

The ISO or designee will investigate immediately and take any action necessary to secure the information, issue all required legal notices and prevent future incidents. When necessary, the Superintendent, ISO or designee is authorized to secure resources to assist the District in promptly and appropriately addressing a security breach.

As a part of this investigation, the ISO or designee will promptly determine the likelihood that any information part of a cybersecurity incident has been or will be misused. If the determination is that the misuse of information has occurred or is reasonably likely to occur, or if a determination cannot be made, the ISO will notify the affected individuals as soon as possible, consistent with the notification requirements under RSA 359-C:20.

Likewise, the District will take steps to ensure that critical information is secure and is not inappropriately altered, deleted, destroyed, or rendered inaccessible. Access to critical information will only be provided to authorized individuals in a manner that keeps the information secure.

All District staff, volunteers, contractors, and agents who are granted access to critical or

Category: Priority

Related Policies: EHAA, EHAC, EHB, GBEF, IHBH, JICL, KD, & KDC

confidential information/data are required to keep the information secure and are prohibited from disclosing or assisting in the unauthorized disclosure of such confidential or critical data/information. All individuals using confidential and critical data/information will strictly observe all administrative procedures, policies and other protections put into place by the District including, but not limited to, maintaining information in locked rooms or drawers, limiting access to electronic files, updating and maintaining the confidentiality of password protections, encrypting and redacting information, and disposing of information no longer needed in a confidential and secure manner.

G. Using Online Services and Applications

District staff members are encouraged to research and utilize online services or applications to engage students and further the District's education mission. District employees, however, are prohibited from installing or using applications, programs or other software, or online systems/websites, that either store, collect, or share confidential or critical data/information, until the ISO approves the vendor and the software or service used. Before approving the use or purchase of any such software or online service, the ISO or designee shall verify that it meets the requirements of the law, Board policy, and the Data Governance Plan, and that it appropriately protects confidential and critical data/information. This prior approval is also required whether or not the software or online service is obtained or used without charge. District staff members are required to sign a confidentiality agreement (JRA-R). Volunteers will be required to sign a confidentiality statement after training and reviewing their volunteer handbook when applicable. Vendors will be required to sign a nondisclosure agreement when applicable.

Notwithstanding the prohibition on the use of applications, etc. that store, collect or share personally identifiable information concerning a student ("PII"), students participating in career exploration or career technical education may, with written parental consent, register for technology platforms and services to be used as part of the student's approved program of study, even if said platforms and services require the collection, storage and sharing of the student's PII. Use of these platforms and services is subject to the conditions set forth in B.1(f), above, and related provisions of the Data Governance Plan. The written parental consent forms shall be retained as student records.

H. Training

The ISO or designee will provide appropriate training to employees who have access to confidential or critical information to prevent unauthorized disclosures or breaches in security. All school employees will receive annual training on the confidentiality of student records, as well as the requirements of this policy and related procedures and rules.

I. Data Retention and Deletion

The ISO or designee shall establish a retention schedule for the regular archiving and deletion of data stored on District technology resources. The retention schedule should

Category: Priority

Related Policies: EHAA, EHAC, EHB, GBEF, IHBH, JICL, KD, & KDC

comply with, and be incorporated [by reference] into the data/record retention schedule established under Policy EHB and administrative procedure EHB-R, including but not limited to, provisions relating to Litigation and Right-to-Know holds as described in Policy EHB.

J. Consequences

Employees who fail to follow the law or District policies or procedures regarding data governance and security (including failing to report) may be disciplined, up to and including termination. Volunteers may be excluded from providing services to the District. The District will end business relationships with any contractor who fails to follow the law, District policies or procedures, or the confidentiality provisions of any contract. In addition, the District reserves the right to seek all other legal remedies, including criminal and civil action and seeking discipline of an employee's teaching certificate.

The District may suspend all access to data or use of District technology resources pending an investigation. Violations may result in temporary, long-term or permanent suspension of user privileges. The District will cooperate with law enforcement in investigating any unlawful actions. The Superintendent or designee has the authority to sign any criminal complaint on behalf of the District.

Any attempted violation of District policies, procedures, or other rules will result in the same consequences, regardless of the success of the attempt.

PELHAM SCHOOL DISTRICT POLICY FAA – ANNUAL FACILITY PLAN & UNUSED DISTRICT PROPERTY

Category: Recommended Related Policy: FA

A. **<u>Drafting and Adoption</u>** The School Board shall adopt and approve an Annual Facility Plan by June 1 of each year.^{1[Delete footnote]}

The Facility Plan shall be developed and drafted by the Director of Facilities, and it shall be proposed to the School Board for comment and adoption at least 30 days prior to the adoption deadline articulated above.

- B. <u>Contents of Facility Plan</u> In preparing the annual Facility Plan, due consideration will be given to the most recent Capital Improvement Program prepared pursuant to Board policy FA. The Facility Plan shall account for each facility owned by the District and document the use of each such facility. For each then unused facility, the plan shall specify any uses intended within the next two years of the annual plan approval relative to academic purposes, extracurricular activities, administrative functions, and/or sports. Facilities for which no current or intended use is included on the plan shall be referred to in this policy as "Unused Facilities".
- C. <u>"Unused Facility" Defined</u> As used in the policy, "Unused Facility" or "Unused Facilities" shall mean any district owned school building which is not currently used for academic purposes, extracurricular activities, administrative school functions, or sports, and for which the School Board has not approved a written plan for future use.
- D. <u>Annual Report to N.H. Department of Education</u> The Superintendent shall submit a report of Unused Facilities to the New Hampshire Department of Education no later than July 1 of each year.

E. Charter School Rights Relative to Unused Facilities

- 1. <u>Right of First Refusal</u> Pursuant to RSA 194:61, such Unused Facilities are encumbered by a right of first refusal ("ROFR") available to every approved charter school operating in New Hampshire. If the District has an Unused Facility which it seeks to sell or lease to a party other than an approved charter school, the District will include a ROFR provision in the offer for sale/lease and/or a sale/lease contract.
- 2. <u>Conditional Contract for Sale/Lease</u> If a prospective purchaser which is not an approved charter school enters into a contract with the District for purchase, lease or sale, (that is, an offer to sell/lease by the District is accepted by the prospective purchaser), the contract (the "Original Contract") will be conditioned upon the expiration of the ROFR. It is essential that the prospective purchaser or lessee is made aware of the ROFR prior to execution of the Original Contract, and that the Original Contract clearly articulates the ROFR with specific reference to RSA 194:61. The District will promptly notify the Charter School Administrator of

the Department of Education ("DOE Charter School Administrator") in order for the Department to alert all approved charter schools in the state and allow them a chance to respond. The notice provided to the DOE Charter School Administrator shall contain clear language that the Unused Facility is available to any approved chartered public school in this state only, and shall list the offering school district's name and location, the square footage of the Unused Facility, the contact information of the offering school district's representative, and the expiration date of the right of first refusal which shall be 60 days after the date of the date the District provides notice to the DOE Charter School Administrator.

- 3. <u>Charter School Rights if No Other Offer Received</u> If the offering school district has not received an offer to purchase or lease an Unused Facility from a party, other than an approved chartered public school operating in this state, a chartered public school may initiate, and Board shall engage in, good faith negotiations for the purchase or lease of the Unused Facility.
- 4. <u>Invocation of Rights by One or More Approved Charter Schools</u> If the District receives an offer on an Unused Facility from an approved charter school prior to the expiration date of the ROFR, the District will respond promptly to the offer and notify the prospective purchaser under the Original Contract and engage in good faith negotiations. If more than one chartered public school makes an offer on the District's Unused Facility, the School Board will make the final selection between the parties based on criteria established by the School Board and in accordance with the best interests of the District.
- 5. <u>Procedure for Resolution of Negotiation Impasse</u> A chartered public school that makes an offer shall have 6 months after the date of making a written offer to complete the purchase or lease of the Unused Facility for a price which the District has agreed upon.
- 6. <u>District Discretion</u> In right of first refusal negotiations with a chartered public school, it shall be the option of the Board whether to sell or to lease the property under consideration, at fair market value or less, for a term to be agreed upon by the parties. Any lease terms shall include, among others agreed upon by the parties, any required provisions for such leases as found in RSA 194:61.
- 7. <u>Expiration of Right of Charter School After Written Offer</u> The chartered public school shall have 6 months after the date of making a written offer to complete the purchase or lease of the unused facility for a price negotiated with the school district.

PELHAM SCHOOL DISTRICT POLICY FAA – ANNUAL FACILITY PLAN & UNUSED DISTRICT PROPERTY

Category: Recommended Related Policy: FA

¹[Delete footnote] This policy and the "Annual Facility Plan" is not intended to replace or even serve the same purpose of a capital improvement or strategic plan. Rather, it is to help assure compliance with newly enacted 194:61. Existing capital improvement, strategic or other such plans should inform the Annual Facility Plan.

Under RSA 194:61, the District is required to submit a list of "unused facilities" to the DOE no later than January 1, 2022, and updated plans each July 1 thereafter. The June 1 date used in this policy for the local board to approve is a plan intended to give Districts ample time to meet the statutory reporting time. Districts may use other dates to best suit their local needs.

- 115 _____ by the School Board
- 116 _____ by the Budget Committee

Ms. Mahoney commented that she discussed this at the last meeting: to consider having the interest earned by the
 PMS bond placed into the Capital Reserve Fund for building and grounds renovation and improvement. She noted that
 the Capital Reserve Fund was established in 2019 at the end of the PHS project through the use of the interest earned
 on the PHS project.

Ms. Mahoney mentioned that through September 30, the total interest earned was \$448,145. She stated that the
 District continues to pay down the PMS project and is investing those funds in the New Hampshire public investment
 deposit. She expects that the District will have earned approximately \$550,000 in interest. She noted that the Board
 can take action on any interest earned after July 1 of the following year.

Ms. Mahoney commented that legal counsel reviewed the article, and the language was used to ensure that the District
 complies with the Department of Revenue. She added that the District is limited to the interest earned and must be
 available on July 1.

Mr. Gellar asked about the rationale for putting the total interest into the Capital Reserve Fund and if the District
 anticipated expenses that might be down the line. Ms. Mahoney commented that there were two things that she was
 thinking about.

- a. Because the project has been extended beyond 24 months, there is an arbitrage requirement that will occur ten years from the closure of the project. She pointed out that because the District is earning interest over 5% and the interest on this bond is 1.74, they are earning more than they are paying.
 - b. She discussed the PHS interest. The community chose to put that money aside for future renovations and upgrades. Ms. Mahoney said that this is the same thing. It is interest earned from a bond, and they are following what they have done in the past.
 - c. Ms. Mahoney said that the air conditioning for PES is something that they would love to upgrade. She commented how the District spent approximately \$900,000 in ESSER funds.

Mr. Bressette asked if they receive taxpayer or voter approval to move the funds to the Capital Reserve Fund and if
 that helps the District concerning the potential tax consequences. Ms. Mahoney said that it does not exactly help. She
 pointed out that the reason why the money can be withdrawn from this account is specific to upgrades and
 renovations to buildings and grounds, as Board Members are agents to expend.

Mr. Gellar commented that if the Board transfers approximately \$500,000 to a Capital Reserve Fund, that money is not
 being returned to the taxpayers.

152 Article 4 – Capital Reserve Fund (Special Education)

Shall the Pelham School District vote to raise and appropriate the sum of up to Eighty Thousand dollars (\$80,000) to
 be added to the Capital Reserve Fund for Special Education previously established in 2014? This sum will come from
 the June 30 fund balance available for transfer on July 1. No amount is to be raised from taxation. (Majority vote
 required).

- 157 _____ by the School Board
- 158 _____ by the Budget Committee

- Ms. Mahoney commented that at the previous Board meeting, there was a discussion about whether an article should
 take some of the available fund balance at the end of this fiscal year and put it aside in the Capital Reserve Fund for
 Special Education. The discussion was about the cost being significant. The current balance in that Capital Reserve is
 about \$221,000, insufficient to cover an unplanned high expense.
- 165 Mr. Bressette mentioned that this would not be a contravention of a formal policy that they have in place.

Mr. Gellar stated that he was not tied to the article one way or the other. He commented that the District could trim
the future budgets a little more if they had a little more in a Capital Reserve Fund. He acknowledged that the rationale
for making the Capital Reserve Fund for Special Education was to try to anticipate what they may need.

Mr. Bressette mentioned that they are looking at \$80,000 in Article 4. He said the Board wants the PEA Collective
Bargaining Agreement and the Operating Budget to pass in March. Mr. Bressette asked if they are telling taxpayers
that they want to take \$80,000 of the underspend and put it in a Capital Reserve Fund rather than using it to offset the
taxes would have a detrimental effect.

Mr. Bressette stated that Ms. Mahoney brought this article forward because the Board requested it. He asked Ms.
Mahoney if she had a recommendation. Ms. Mahoney said she did not think they should put this on the warrant article.
She added that they should remove it and focus on the articles they want to pass.

Mr. Bressette commented that looking at the interest on the bond; he asked if that is considered unanticipated
revenue or if it is just sitting in an account from a balance sheet perspective. Ms. Mahoney said it is sitting in a
separate account that must be segregated and calculated until the entire bond proceeds are complete. If the Board
chooses not to transfer the interest into a Capital Reserve Fund, it stays in the account until they completes the
project; all bond proceeds are sold or spent, and then they have the interest. The Board would then have to take action
on the interest that that is remaining.

Ms. Greenwood commented that she supported the idea of Article 3 when she heard about the air conditioning. The
Board discussed how this would be an Article in March 2024, and if it passes, the Board would have to wait until July
1, 2024. Ms. Mahoney mentioned that even if it were \$500,000, it would not be enough to do the next phase of the air
conditioning.

Mr. Gellar stated that they have earned \$448,000 in interest if he understood it correctly, and Ms. Mahoney is
 proposing a \$500,000 bond. If the article gets approved in March, does that mean \$500,000 gets transferred on July 1
 to the Capital Reserve Fund? Ms. Mahoney said, "Yes." If the Board does not put forward the warrant article, the
 money remains in a separate account and does not go back to the taxpayers.

197 The Board discussed Articles 3 and 4.

Mr. Wilkerson asked if the separate account was an interest-bearing account. Ms. Mahoney said it was an interest bearing account. He mentioned that the worst case is that the money stays in a different interest-bearing account, and
 the Board focuses on the warrant articles for the Operating Budget and PEA contract.

Mr. Russell mentioned that his understanding is that the District is earning interest either way. She confirmed that thefunds would be in an interest-bearing account either way.

Mr. Gellar asked if Ms. Mahoney was expecting a vote tonight on the warrant articles. Ms. Mahoney said that she was
 still drafting the warrant articles, and this was round two. The next meeting is the last before she needs to hand the
 warrant articles to the Budget Committee.

210 Mr. Gellar said he wants to see all four warrant articles at the next meeting and decide if they are ready.

- Ms. Mahoney stated that she wanted to make sure that she explained what the default budget is. She noted that a
 default budget is a calculated number, and it is based on the approved budget for FY2024. They take that number and
 adjust it up or down based on contractual obligations, requirements of the law, and collective bargaining agreements.
 Ms. Mahoney noted that it is a process that she goes through to look at what is in the FY2024 budget and adjust the
 numbers up and down. She mentioned that the default number can change as they get closer to the Public Hearing.
- Mr. Wilkerson asked what happens to the default budget number when voters approve the new contract next March.
 He wanted to know if the contract was effective in 2025. Ms. Mahoney said that the default budget is the budget that is
 utilized if the operating budget, which is Article 1, does not pass.
- Mr. Bressette said he wanted to revisit last year's warrant article for the operating budget and where they stood
 regarding the proposed versus default budget. He asked if the District had ever been in a situation where the default
 was larger than the proposed budget.

- 227 Dr. McGee said this was very on-topic because it addresses the Capital Reserve Fund. They discussed related funds 228 that were put into that Capital Reserve Fund when the PHS project was completed. Dr. McGee noted that he had some 229 bad news. He commented that they recently learned that their electronic lockdown system, known as Best Shelter, 230 will be phased out by the manufacturer and is not a long-term option for the District. Additionally, the expansion of 231 Best Shelter was not included in the final pricing of the PMS Project. The District Emergency Planning Committee has 232 determined that maintaining a lockdown system is valuable to our security approach at PMS. During this construction 233 phase, we have utilized available Best Shelter system locks to address newly opened classroom spaces. However, we 234 need to address the system expansion before the completion of the project.
- The District has researched similar electronic locking systems, and they went out to bid over the summer. The District received a vendor bid from Exactitude, located in Maine, and another bid in response to the solicitation. Exactitude's bid is for a Schlage electronic classroom lockdown solution with a remote fob and visual indicator, and the quote is for \$71,766 for equipment and \$9,135 for installation, totaling \$80,901. This is the system that the District would like to move forward with. The Board is recommended to award the bid to Exactitude for this purchase.
- The initial installation of the system was funded through a state grant and not through District funds. The District has
 sought grant funding options from state or federal sources but has yet to find anything applicable to new construction.
 With required lead times of several months, they need to take action and look for another funding source. The
 District's goal is to have an entire building system by the end of the PMS project.
- The Capital Reserve Fund for Building and Grounds Renovations and Upgrades, which was established in March 2019
 with the interest proceeds from the PHS Bond, is a funding source that is in place for unforeseen situations such as
 this. The Trustees of the Trust Fund indicated an approximate balance of \$81,000 in this fund. With Board approval,
 funds could be transferred from this account to pay for installing the new system at PMS.
- Mr. Bressette asked if Best Shelter was still being used in PES and PMS. He also wanted to know if the District was still
 pursuing federal and state funding to replace the system in PES. Dr. McGee said that was 100% correct, and they are
 pursuing funding
- Mr. Wilkerson said he had a few questions. He asked who the manufacturer of the system was at the high school. Dr.
 McGee said PHS does not have a lockdown system like this. The District has found that the automatic lockdown makes
 more sense for younger students. If the Board were to tour PHS, they would notice the doors remain locked, so the
 setting is locked.
- Mr. Wilkerson asked if the technology involves the use of a network. Dr. McGee said he was correct. Does it rely on the
 classroom network, or is it isolated? Dr. McGee said that it is an isolated network. Mr. Wilkerson asked if there was an
 internet connection involved in the maintenance of the software and if the system hardened. Dr. McGee said he
 believed so but would need to check on it.

- 265
 266 Mr. Wilkerson said that Schlage is one of the more reliable vendors for locking mechanisms. He noted that there are
 267 others, but Schlage is near the top.
 268
- Mr. Russell asked about Best Shelter and its discontinuation of support. He wanted to know if the company was
 coming out with a new product or if it was discontinuing this product line altogether. Dr. McGee said the company
 does not provide a product with the same individual classroom locking capacity. The design most companies are
 producing small applications. He noted that the District would have to jury rig the system to fit the needs of the school
 buildings.
- Mr. Russell asked if the \$80,000 was only for the second floor at PMS. Dr. McGee said that the \$80,000 would be for
 the entire school. He added that PES would continue to use Best Shelter, which is functional and is still supported. Dr.
 McGee noted that he is comfortable using the Best Shelter system through 2024 2025. He thanked Brian Sands,
 Director of Facilities, for making himself an expert on the systems.
- Mr. Gellar mentioned that the more the District goes with network-connected interactive locks, the greater the
 District's exposure becomes in terms of hacking or other types of product issues. Dr. McGee said that Homeland
 Security in New Hampshire reviews building access controls routinely. He added this puts Pelham at the front of the
 pack regarding lockdown security. Dr. McGee noted that he finds it helpful to reassure families that they are doing
 everything possible to address their concerns about someone coming into the building.
- 286 Mr. Bressette commented that the District talks a lot about how important students' health and safety is. He viewed287 this as a way of ensuring the safety of everybody in their buildings.
- 289 Mr. Russell asked if each one of the units on the home classroom doors is hardwired. Dr. McGee said "no," but they are
 290 battery-operated. He commented that they looked at hardwired options, which are five times more expensive.
- Mr. Bressette asked Ms. Mahoney if they were not to act on withdrawing funds from the Capital Reserve Fund. Whatwould you do in terms of alternative sources of funding? And how quickly would you want or need to act on this?
- Ms. Mahoney said they have been watching for federal and other options, but there is a 12 to 16-week lead time. They needed to order the product, so she requested that the Board approve the bid issue. This would allow the District to get the item ordered. The funds would not be necessary until April 2024; by then, they may know if there could be some overspending in the facilities budget. Dr. McGee mentioned that he would prefer to be able to come back to the Board and say if not the Capital Reserve Fund, then please use the End of Year.
- Mr. Bressette commented that he was hearing Mr. Mahoney and Dr. McGee say that it would be detrimental if the
 Board did not approve this using the Capital Reserve Fund. Dr. McGee agreed.
- Ms. Mahoney pointed out that there were alternative bids, but the other bids did not provide the Schlage system
 equipment and were more expensive.
- 307 Mr. Gellar made a motion to award the PMS electronic locks bid to Exactitude for the Schlage system equipment and
 308 installation as presented. Mr. Wilkerson seconded the motion. The motion passed (5-0-0).
- Mr. Gellar made a motion to approve the transfer of \$80,901 from the Capital Reserve Fund for Building and Grounds
 Renovations and Upgrades to the General Fund to purchase the Schlage system equipment and installation as presented.
 Mr. Wilkerson seconded the motion. The motion passed (5-0-0).

- 314 The Board thanked Dr. McGee and Ms. Mahoney.
- 316 C. <u>PMS Project Update:</u>

- 317Dr. McGee commented that this is the routine PMS project update for October. Dr. McGee noted that he had the318pleasure of sharing this update with the Budget Committee that toured all three facilities on Saturday. He stated that319the project is on phase eight of nine. The construction is getting there, and if someone walks around to the back of the320building, they will see a couple of very interesting things: a softball field, windows on the second floor, and some of the321facings above and below those windows being installed. The contractors are getting close to finishing all the exterior322cladding.
- Dr. McGee stated that they are 82% complete, and he wanted to note some things. Most of the roof edge detail, not at
 the beginning of the school year, is being set in, and it provides a finished look to the new part of the building. If
 someone is on the second floor of the building, they will notice a couple of things. It does not look finished, but you can
 tell the progress they are making and if the students and teachers on the first floor hear a fair amount of drywall
 getting moved around. Dr. McGee said they have been working with the construction manager to limit and address the
 noise and smells. He commented that they are seeing around the stage, so there is lots of good work.
- 331 Mr. Wilkerson asked about the metal conduit chase in front of the gym. Dr. McGee said it was going away but is
 332 currently an electrical lead. Mr. Wilkerson commented that the project is very impressive. He noted that his first
 333 chance to walk through it was Saturday.
- Mr. Wilkerson mentioned that he was a good friend of a Superintendent in South Georgia who was a fan of temporary
 classrooms. Mr. Wilkerson stated that architecture inspires or discourages; he thought that their school buildings
 would assist them in their effort to inspire success, one mind at a time.
- Mr. Gellar asked about the budget contingency. He said that the bottom right note, not including interest in bonds,
 currently is at \$325,000. He wanted to know if there was any interest, the cost of the bonds, or the revenue of the
 bonds. He asked Ms. Mahoney to explain it. Ms. Mahoney said that was the reference from the last month, and it is not
 accurate. She noted that the number that she provided earlier was the current amount that they have.
- 344 Mr. Russell commented that Dr. McGee had stated that he was working with the construction manager regarding
 345 sounds and smells. Dr. McGee provided some examples of the smells.
 - a. The locker rooms. They initially planned on concrete floors, which the Building Inspector said were too slippery. They switched and added epoxy flooring. Dr. McGee understood that it is similar to those of us who have put epoxy flooring in their basement or garage. He mentioned that they closed those doors notified staff, and those spaces had to be vented.
 - **b.** There is also a fair amount of grinding of the concrete floor on the second floor to get it flat and reconfigured before they lay linoleum. The grinding is a brutal noise, and BPS has gone to the second shift for the grinding.
 - c. When the crew moves sheetrock around in groups of 10, they don't always set it down delicately.
 - **d.** Diesel-powered truck idling outside a classroom. Dr. McGee has asked BPS to remind their staff that it is unacceptable.
 - **e.** Dr. McGee said they use negative air pressure to ensure air flows into the construction site and not out of the vents.
- 358 Mr. Bressette pointed out that the District has signs around its parking lots instructing anybody present in the lot.
- Mr. Bressette asked about the issues regarding the PMS gym floor. Dr. McGee said that their dilemma now is soft spots that they noticed under the basketball net on the far end of the court. Other people have informed him that it runs the length of the court right down the middle. Dr. McGee said that it is something that is not acceptable and that the District will not bear the cost to repair it. The repairs will likely occur during the summer of 2024. He noted they would probably have parts of the gym floor repaired and refinished. It will take several weeks to repair.
- 366 Mr. Wilkerson asked what the cause of the dead spots was. Dr. McGee said they did not know, but it had nothing to do367 with the District.

D. District Moderator - School Board Approval:

370 Dr. McGee said the District needed a Moderator, and the District Clerk selected the position. The District Clerk is 371 Danielle Pilato, and she recommended resident Doug Vincent. Dr. McGee said Mr. Vincent has offered to serve as 372 Moderator this year. He will be in that temporary role until the next annual District Election, much like the Deputy 373 Treasurer. Dr. McGee said the District sought the Board's acceptance of Doug Vincent as the Temporary Moderator. 374 375 Mr. Bressette asked if this was the School District Clerk's appointment. Dr. McGee said that was correct, but the Board 376 still needs to vote to accept it. 377 378 The Board agreed that the choice of Mr. Vincent was excellent and that he is a fantastic community member. He has 379 been involved in a number of things in the School District. 380 381 Mr. Wilkerson made a motion to accept Doug Vincent's services as the interim Pelham School District Moderator per the 382 RSA 671.6. Mr. Gellar seconded the motion. The motion passed (5-0-0). 383 384 The Board thanked Mr. Vincent for stepping up and filling the role of Moderator. 385 386 E. <u>PHS Field Trip Request:</u> 387 Dr. McGee stated that, as the Board knows, overnight field trips have to be approved at the Board level. He noted that 388 the request was not provided with sufficient notice as required by the policy. Dr. McGee requested that the Board 389 make an exception to its policy. 390 391 Dr. McGee mentioned the field trip would be for November 8 and 9 and consist of Student Government members in 392 grades 9 and 10. The students would attend Waterville Valley for the New Hampshire Student Government Annual 393 Conference. It is a wonderful activity and standard across the state that students have this experience. Dr. McGee said 394 he did not see any risk involved and fully supported it. 395 396 Dr. McGee said that the field trip cost is \$200 per student. He acknowledged that they did not know yet whether the 397 students would have to pay to attend a Student Government conference. He could not confirm what the funding 398 source would be. 399 400 Ms. Greenwood asked if they were looking for students to attend the conference. Dr. McGee stated that it is a question 401 of which Student Government officers will choose to participate. 402 403 Ms. Greenwood commented that they recently added the male/female chaperoning policy. She wanted to know if the 404 field trip would require a male and female chaperone. Dr. McGee confirmed that it would come into play with this 405 overnight field trip. The Board expressed concern about having someone they do not know chaperoning the students. 406 Dr. Marandos said that two Advisors, one male, and one female, were both planning on chaperoning. 407 408 Mr. Gellar stated that he hates making exceptions and wondered whether this was known beforehand or could not be 409 acted on earlier. Dr. McGee commented that they did not know. The Student Government is improving yearly, and they 410 did not know whether they could participate until about a week ago. 411 412 Mr. Bressette mentioned that exceptions, by nature, are exceptional. In his opinion, they're not the norm, and the 413 Board should not be averse to approving exceptions. 414 415 Mr. Gellar expressed his concern that if it is a known event, it has not been applied for on a timely basis. He felt there 416 was a difference between that and an event suddenly coming up, and there was an opportunity. Dr. McGee stressed 417 that this is a growing group, and they are becoming more engaged in the statewide activities. Mr. Russell asked about 418 the policy regarding overnight field trips and notifying the Board. Dr. McGee stated that the expectation is three 419 months notice. 420 421 Mr. Gellar made a motion to approve the overnight class trip. Mr. Wilkerson seconded the motion. The motion passed (5-422 0-0).

|--|---|--|--|--|--|
| 424 | F. <u>PES Reallocation of Co-Curricular Funds</u> | | | | |
| 425 | Dr. McGee stated that this was finally pulled together today because of the interest of the choir kids at PES. Dr. McGee | | | | |
| 426 | reminded the Board that the teacher's contract requires that the Executive Board and the School Board approve any | | | | |
| 427 | reallocation of stipends within the contract. | | | | |
| 428 | | | | | |
| 429 | Dr. McGee said that the reallocation is using the entire funds for the Choir PES stipend of \$770 combined with an | | | | |
| 430 | unfilled position for the Intramural Jump Rope, which is \$1,116. The amount would be divided evenly between two | | | | |
| 431 | different teachers. There would be zero budget impact; it is a reallocation. Dr. McGee was informed today that the PEA | | | | |
| 432 | Executive Board supports this. | | | | |
| 433 | | | | | |
| 434 | Ms. Greenwood said that she supported the idea wholeheartedly. | | | | |
| 435 | | | | | |
| 436 | Mr. Bressette asked when was the last time that the Intramural Jump Rope Club operated. Dr. Marandos said 2018. | | | | |
| 437 | | | | | |
| 438 | Mr. Bressette questioned the origin and necessity for the Board to hear the reallocation of a few \$100. | | | | |
| 439 | | | | | |
| 440 | Mr. Wilkerson made a motion to reallocate funds from the Intermural Jump Rope to the Choir Program, as stated in the | | | | |
