- Food Service Fund YTD Actual to Budget Report
- Revenues YTD Report

Finance

The major activity this month continues to be the implementation project for the new Finance and HR software. More than half of the HR and finance staff time was spent on training, setting up the tables in the new software, and preparing for the conversion of data from Budget Sense. Most of the tables have now been set up in the new software. This week we will process a parallel pay run to the one run in Budget Sense last week. This is the last major activity prior to going live except for converting the final Budget Sense payroll, 1099 activity, balance sheet, and expenditure and revenue data at shut down into eFinancePLUS for the April 1 initial entries. The Leadership team was presented an overview of the new chart of accounts and training sessions have been scheduled for all Budget Sense users on the new software.

Construction has started on the new SAU/classroom modular. Final drawings are still being reviewed by the state for final code approval. Final lease paperwork is being finalized. We are finalizing the lease in advance of the final decision on the need of a sprinkler system as lease rates are starting to increase and we want to lock into the lowest rate possible. In order to keep to the maximum annual cost of \$217,000, the lease will be a five and one half year lease.

We still have not been able to issue the LGC health and dental refund payments to the former SAU 28 staff as HealthTrust (LGC) is still having trouble providing employee level detail that ties to the refund checks received.

With the 2013 audit being released, we have finally been able to submit the district's application for the procurement card program.

FY14 Forecast

We are currently anticipating a \$167,105 unassigned year-end fund balance. The updated forecast projection reflects the underspend in the PHS HVAC and sprinkler special warrant articles project of \$115,518.64 which must be returned to the voters. As covered below, this project underspend may be reduced should we need to install a new control system as part of this project.

Buildings & Grounds

The HVAC project at PHS has been closed. There are still some problems with balancing between heat and air conditioning. This cannot be fixed without a new control system that ties both systems together. The quote received to do this work is \$46,000 and the work done would be replaced if the PHS bond passes. We have delayed approving this project change order until after the March vote. Should the bond fail we will issue a project change order to fix this problem.

We terminated our contract with the low bid vendor for fuel oil due to continued supply problems. Our consultants have made arrangements with an alternate vendor so we do not have any future supply concerns. There is a negative financial impact. We were already looking at a budget overspend due to the approved budget not high enough to cover the awarded bid price and the severe cold winter. The price per gallon with the replacement vendor is higher than the awarded contract price that we had to terminate.

The severe winter continues to take its toll. The John Deere tractor had to be put into the shop for repairs costing close to \$4,000. We had frozen coils in several rooms at PMS due to a loss of heat due to a tripped circuit breaker. Water damage was minimal and cleaned up right away although several coils needed to be replaced.

Technology

Delivery of 21st Century Classroom equipment has started.

Food Service

The pilot breakfast program is showing steady numbers. Last month we served 129 meals (34 free, 3 reduced, and 92 paid). The District's daily average lunch count is running at 1,192 per day. The school breakdown is as follows: PES - 513; PMS - 333; PHS - 263; and St. Pats - 84.

Please let me know if you have any questions regarding this report or the associated materials.

Respectfully submitted,

Steve
