Business & Finance

The Education Specifications for the PHS building project was approved by the Board and submitted to NH DOE.

The Joint Loss Management Committee has completed its review of a revised District Safety Plan. Deb Mahoney will be completing a few remaining edits before we review the revised safety plan with the Leadership team. The revised plan should be presented to the Board for their approval in April.

A first draft of a new Facilities Maintenance Plan has been completed. We will be reviewing this draft with the district's maintenance staff and lead custodians to develop a final draft.

We received a detailed presentation on the PaperVision Enterprise document management solution for the district. The product offering was very robust with many advanced and valuable features that appear

to meet all of our requirements. A second product demonstration covering the user interface of scanning items into the software is being held this week. The software vendor offers both an in-district as well as a cloud-based solution. The cloud-based solution's contract would state that all files are stored in the United States and that the document store is both FERPA and HIPAA compliant which will allow us to also consider a hosted solution.

Our RFP to expand our internet bandwidth issued through the E-rate program administered by the Schools and Libraries Division (SLD) of the Universal Service Administrative Company (USAC) was delayed due to problems with the USAC website. The delay has resulted in our needing to hold the response period open through March 22. After this date we will be able to review the responses and select the winning vendor. We must notify the successful vendor by March 28, 2015.

We are still working the problem of a single fuel tank that both Pelham and Windham are sharing for our transportation contract with STA. It appears that the tentative agreement we made at our last meeting to have both districts purchase the diesel from STA is not moving forward as Windham is now negotiating with a vendor direct. Pelham is advising STA that it is unacceptable to us to service two districts under two separate contracts with one tank as Pelham will also require the option to bid out our diesel supply.

FY15 Forecast

We are currently estimating a year-end general fund unassigned fund balance of approximately \$403,000.

Facilities

Last month was another month where snow removal was a major effort. We did contract with outside vendors to remove snow from roofs at PES and PMS as well snow removal from the parking lots at all three schools.

Several maintenance and custodial staff attended the Northern New England Facility Masters conference in Portsmouth this month to learn about the best-practices in school maintenance.

We continue to work with BPS and town officials on the high school addition and renovation project.

Technology

Work has continued on preparing for the Smarter Balanced and DLM assessment testing.

The Emergency Management team decided to roll out CopSync in a systematic manner with only the administration offices to start. CopSync software was loaded on all admin desktops over the February break with training being planned.

We continue to work with the PHS project architect to review requirements for the PHS addition and renovation project.

Food Service

We are still working with the principal at St. Pat's to reach agreement on a revised contract for next year. Because the NH DOE must also approve all food service contracts, we are running short on time to reach an agreement on what support Pelham food service can provide St. Pat's next year.

Operations continue to go well. January's total meals served were 14,907 with an average daily lunch count of 1,146.

Please let me know if you have any questions regarding this report or the associated materials.

Respectfully submitted,

Steve
