The Pelham School District recognizes the value of field trips in achieving certain educational objectives and encourages activities of this nature as long as they do not seriously interfere with the educational routine of students who must remain in school.

School transportation vehicles, if available, will be furnished for all trips sponsored by the school. However, all travel is subject to budget limitations and the following guidelines:

1. Appropriate instruction shall precede and follow each field trip.
2. Field trips shall be considered as instruction and shall be planned with definite objectives determined in advance.
3. Field trips requiring school bus transportation shall not interfere with the regularly scheduled transportation of pupils to and from school.
4. All field trips shall begin and end at school.
5. Written approval of parent or guardian is required for student participation in field trips that occur off school property.
6. Approval
 - a. The principal determines whether to approve all field trips.
 - b. The Superintendent determines whether to approve field trips outside school hours.
7. All school rules and regulations apply while students are engaged in activities sponsored by the school.
8. Teachers or other certified personnel of the district will accompany students on field trips and assume full responsibility for their proper conduct.
9. Appropriate supervision shall be provided for all students whose parents do not want their children to participate.
10. The Board encourages professional staff members as chaperones when available.

Overnight Field Trips

The Pelham School Board recognizes that domestic or international field trips are a valuable extension of student learning. Well-executed field trips create a learning experience that cannot normally be replicated inside the District's schools. As such, it is the policy of the Pelham School District to permit and encourage field trips, subject to the following requirements:

1. All school sponsored, domestic or international field trips require School Board approval.
2. The principal shall review and approve the curricular, travel, and financial aspects of all trips prior to submission to the Superintendent for presentation to the School Board.
3. The School Board has no role or responsibility for privately organized or operated trips.
4. Materials for presentation to the School Board for approval of all domestic or international overnight field trips must be submitted to the Superintendent and School Board at least three (3) months prior to the departure date for the field trip. Materials submitted must include all logistical details involving transportation, accommodations,

 12. No field trip shall be approved that contemplates travel to a country for which the Department of State has issued a current travel prohibition or travel warning which presents a unique risk to student safety. The District reserves the right to cancel a trip which, due to international threats, political unrest, or terrorist threats presents an unreasonable risk to the safety participants.
 13. Refunds to parents and guardians shall only be made to the extent the District has not expended monies paid by participants or the District has received a refund of expended funds.
 14. A student who is suspended from school during any period of time which includes the day of departure shall not be permitted to participate in the field trip.
