

Memorandum

Date: April 15, 2015

To: Pelham School Board
Amanda Lecaroz, Superintendent

cc: PSD Leadership Team
Pelham Budget Committee

From: Steve Martin, Business Administrator

Subj: March 2015 Business and Finance Monthly Report

Included with this report are copies of the following Pelham School District year-to-date (YTD) financial budget expenditure and revenue reports for the period ending March 31, 2015.

- Executive Summary Financial Analysis
- General Fund YTD Actual to Budget Report by Function
- General Fund YTD Actual to Budget Report by Object Account
- General Fund YTD Actual to Budget Report by Location
- Food Service Fund YTD Actual to Budget Report by Function
- Grants Fund YTD Actual to Budget Report by Project
- Capital Fund YTD Actual to Budget Report by Function
- Revenues by Account

A general fund YTD Actual to Budget Detail Report is distributed under separate cover.

Business & Finance

We awarded the services covered by our RFP issued through the E-rate program administered by the Schools and Libraries Division (SLD) of the Universal Service Administrative Company (USAC). Three contracts have been awarded. FairPoint was awarded the contract to install a 300 mbps fiber-based internet connection as well as the contract to consolidate all of our voice services, and Verizon Wireless was awarded the contract for wireless phone and data services. Our consultant will be filing the necessary form 471's that will allow the district to receive E-Rate revenues starting in July. We will now start working with the vendors to get implementation project plans in place.

A final draft of a new Facilities Maintenance Plan has been completed and reviewed by the Leadership team this month. The plan will be sent to the Board for approval at the May 6 meeting.

We have had to move the Leadership team review of the revised District Safety Plan out until early May which moves Board approval out until the May 20 meeting.

We have selected the Digitech Systems Image Silo (PaperVision) cloud-based product for use in the district's electronic document management solution. This solution stores all documents within the United States and provides the security needed to meet both FERPA and HIPAA compliance.

We reached agreement with Windham to have STA issue an amendment to our transportation contract that will allow STA to purchase our diesel and bill each district for their actual usage. This solves the problem with having only one physical tank to support two different contracts.

FY15 Forecast

We are currently estimating a year-end general fund unassigned fund balance of approximately \$425,000. We will be completing a detailed forecast during April that will provide us with a projected spend against budget. I expect next month's report will include a significant increase in the projected year-end fund balance.

Facilities

We are almost done with completing the new SAU/classroom building. The signage has been installed and the lighting has been ordered.

We are continuing to prep for outdoor activities. As soon as the ground allows, we will be replacing broken or knocked signs on all properties. We have tried several times to remove snow from Harris field track, but most of the covering is solid ice. As soon as we can get warmer weather we will remove what we can from the track.

We had our annual fire department inspection with Mr. Hodge. For our third year in a row we had no write ups. The fire department was very happy with our continuing effort to maintain safety and fire regulations.

We continue to work with BPS and town officials on the high school addition and renovation project.

Technology

A lot of time and effort during the month of March centered on preparing for Smarter Balanced Testing. We worked closely with each school to ensure all designated laptops were properly updated, and all necessary software was installed and working correctly on each unit. In addition, VMware "pools" were updated accordingly to allow for testing in the computer labs in both PMS and PES. PHS begins testing in April, and we have begun planning on performing the same actions as needed.

Planning continued on the PHS addition and renovation for the network equipment with a revised floor plan of all required power and data outlets completed. In addition, we began the process of identifying and costing the technology equipment needed.

Food Service

We are still trying to reach agreement with St. Pat's on a revised contract for next year.

Operations continue to go well. March's total meals served were 25,331 with an average daily lunch count of 1,165.

The USDA released their Professional Standards for school foodservice directors, managers, school nutrition staff and state agency directors which go into effect on July 1, 2015. These standards cover the hiring of and the continuing education and training for all school nutrition personnel. We will be meeting with HR in May to put plans in place for the 2015 – 2016 school year.

Please let me know if you have any questions regarding this report or the associated materials.

Respectfully submitted,

Steve

PELHAM SCHOOL DISTRICT MONTHLY FINANCIAL REPORT
Executive Summary for March 2015
