

## Pelham Math Vocabulary 3-5

Acute angle	Composite number	Equation
Acute triangle	Compose	Equilateral triangle
Add (adding, addition)	Composite figure	Equivalent decimals
Addend	Cone	Equivalent fractions
algebra	Congruent	Estimate
Analyze	Congruent angles	Evaluate
Angle	Congruent figures	Even number
Area	Congruent sides	Expanded forms/expanded notation
Array	Convert	Exponent
Associative property of addition	Coordinate	Expression
Associative property of multiplication	Coordinate graph or grid	Face
Attribute	Coordinate plane	Fact family
Average	Cube	Factor
Axis	Cubed	Factor pair
Bar diagram	Cubic unit	Fahrenheit (F)
Bar graph	Cup	Fair share
Base - in a power, the number used as a factor	Customary system	Favorable outcomes
Base - any side of a parallelogram	Cylinder	Fluid ounce
Base - one of the two parallel congruent faces in a prism	Data	Foot (ft)
Benchmark	Decagon	Formula
Calendar	Decimal	Fraction
Capacity	Decimal point	Frequency
Centimeter (cm)	Decimal equivalent	Frequency table
Circle	Decompose	Function
Circle graph	Degree	Gallon
Clock	Degrees celsius	Gram
Combination	Degrees fahrenheit	Graph
Common denominator	Denominator	Greatest common factor
Common factor	Difference	Half hour
Common multiple	Digit	Half inch
Commutative property of addition	Distributive property of multiplication	Height
Commutative property of multiplication	Divide	Hexagon
Compare	Dividend	Hour
Compatible numbers	Divisible	Horizontal axis
Composite figures	Division sentence	Hundreds
	Divisor	Hundredth
	Edge	Identity Property of Addition
	Elapsed time	Identity Property of Multiplication
	Endpoint	improbable
	Equal groups	improper fraction
	Equally likely	
	Equals (=)	

## Pelham Math Vocabulary 3-5

inch (in)	minute (min)	pint (pt)
Inequality	mixed number	place value
input	mode	Place-value chart
interpret	multi-step problem	Plane
intersecting lines	multiple (multiples)	plane figure
Interval	Multiplication	Point
inverse operation	multiplication sentence	Polygon
is equal to (=)	multiply (multiplication)	Positive number
is greater than >	negative number	possible outcomes
is less than <	Net	pound (lb)
isosceles triangle	Non numeric pattern	Power
key	Numeric pattern	Power of 10
kilogram (kg)	number line	Prediction
kilometer (km)	number sentence	Prime factorization
known fact	Numerator	Prime number
Least common	Numeric expression	Prism
denominator (LCD)	observe	probability
Least common multiple	obtuse angle	Product
(LCM)	obtuse triangle	Proper fraction
Length	Octagon	Property
less likely or least likely	odd number	Prime number
like fractions	Operation	Protractor
likely	Order of operations	Quadrilateral
Line	ordered pair	quart (qt)
line graph	ordinal number	quarter hour
line of symmetry	Origin	quarter inch
line plot	ounce (oz) ounces	Quotient
line segment	Outcome	range
line symmetry	output	Ray
liquid volume	parallel lines	reasonable
liter (L)	Parallelogram	Rectangle
Mass	parentheses	rectangular prism
mean	Partition	regroup
median	Partial products	regular polygon
mental math	Partial quotients	related fact(s)
meter (m)	pattern	Remainder
metric system (SI)	Pentagon	repeated subtraction
metric unit	Perimeter	Rhombus
mile (mi)	percent	right angle
Milligram	Period	right triangle
milliliter (mL)	perpendicular lines	Round
millimeter (mm)	pictograph	Rounding
minuend	picture graph	Rule

## Pelham Math Vocabulary 3-5

Scale  
Scalene triangle  
Scaling  
Sequence  
side  
simplest form  
skip count  
solid figure  
Solution  
Solve  
sphere  
Square  
Square number  
square unit  
Squared  
standard form/standard notation  
Second  
Sequence  
Simplest form  
solve  
standard units  
straight angle  
subtraction (subtract)  
Sum  
survey  
symmetry  
Subtrahend  
table  
tally chart  
tally mark(s)  
Tenth  
Term  
thousand(s)  
thousandth(s)  
three-dimensional figure  
time interval  
timeline  
trapezoid  
tree diagram  
triangle  
turn  
two-dimensional figure  
Ton  
Trapezoid  
Triangular prism  
Unit  
unit cost  
Unit cube  
unit fraction  
unit square  
Unknown  
Unlike fractions  
unlikely  
value  
Variable  
Vertex  
Vertical axis  
Volume  
Venn diagram  
week  
Weight  
whole number  
width  
word form/word notation  
X-axis  
X-coordinate  
Yard  
Y-axis  
Y-coordinate  
Zero property of multiplication
